

Neutral Water

Universal hydration, safe for all uses.
Suitable for drinking, skin care, and general use without altering the body's pH.

Drinking Water

Helps maintain body hydration without altering pH balance. Supports acid-alkaline balance, mild hydration.

Drinking Water

Detoxification, improves digestion, enhances hydration.

May aid in reducing heartburn or acid reflux by neutralizing stomach acids.

Cooking Water

Helps increase energy levels, and aids in post-workout hydration. Great for muscle recovery. Antioxidant effects, neutralizes acidity, promotes hydration.

Fruit Washing

it can potentially help remove pesticides and other chemical residues more effectively than regular water due to its higher pH level

Beauty Water

Helps maintain the skin's natural acid mantle, preventing skin dryness or irritation. Gentle for Sensitive Skin. Non-irritating, good for delicate or sensitive skin.
